PRODUCT

This Sleepwell Mist is a carefully crafted blend of natural essential oils, designed to create a calm, soothing sleep environment and improve your sleep quality. This mist combines the therapeutic properties of lavender and vetiver oil, which work together to relax your mind and promote a sense of well-being.

BEAUTY BENEFITS

Our Sleepwell Mist is an essential part of your evening routine, helping to transform your sleeping environment and prepare your mind for rest. This carefully crafted combination not only aids in calming the mind but also offers benefits to the skin, leaving you waking up with a refreshed and revitalised complexion.

APPLICATION

Begin your evening routine with a cleansed and cared-for skin. Then, mist the Sleepwell Mist over your body, focusing on wrist points and neck. Lightly spraying on the face with closed eyes offers a refreshing sensation. A fine mist over pillows and bedding creates a serene sleeping environment. Deep inhalation helps to absorb the relaxing essential oils and promotes peaceful sleep. For women experiencing menopause, the mist provides cooling during hot flushes and contributes to a comfortable night's rest.

BOTANICAL ACTIVES

Lavender Oil (Lavandula angustifolia Oil): A potent cell regenerator, known for its calming properties, ideal for treating acne, dehydrated and damaged skin, and sensitive skin types.

Vetiver Oil (Vetiver Oil Java): Extracted from the roots of the vetiver plant, this oil is renowned for its antioxidant, antiseptic, and soothing properties. Its aromas are known for their relaxing effects and reducing mental fatigue.
