GUA SHA SCULPTING TOOL

GROUP
ACCESSORIES ACC | 005

PRODUCT

Gua sha is a traditional Chinese medicine practice designed to help improve overall health by sculpting the skin with the aid of gua sha sculpting tools.

This smooth heart shape stone helps relieve tension, reduce puffiness, and promote circulation. Use morning and/or night to improve overall skin health and appearance by stimulating collagen, massaging tense muscles, and promoting lymphatic drainage. Regular treatments make the skin smoother, firmer and reduce the appearance of fine lines and wrinkles. In addition, facial gua sha activates the acupressure points along the 12 main meridians of your face.

The Likami Gua Sha Sculpting Tool is made from black obsidian, a natural crystal formed from rapidly cooling lava. Black obsidian has the power to draw out negative energy and stress from our bodies. Stress can also cause premature aging, wrinkles, dark circles, and acne flare-ups.

BEAUTY BENEFITS

- De-puff
- Lift, sculpt, tighten
- Reduce pores and inflammation
- Boost dermal blood circulation
- Brighten the complexion
- Ease tension headaches
- Lymphatic drainage

APPLICATION

Cleanse the face and pat dry. Use in combination with facial essential serum and/of facial intensive hydrating cream to improve absorption and lubricate the gua sha sculpting tool. Every Gua Sha sculpting tool comes with 4 sample sachets of facial serum and facial cream.

Use from the centre of the face, outward, to flush lymph and detoxify. Each tool is unique and may have slight variations due to the organic nature of the stone. Handle with care. Clean gua sha tool with a damp cloth.
