SET FACIAL ESSENTIAL OIL SERUM + STONE ROLLER

GROUP
ACCESSORIES ACC | 004

PRODUCT

The Likami Black Obsidian Stone Roller is a natural crystal roller designed to improve your overall skin health and appearance. This powerful stone is made from black obsidian, which is formed from rapidly cooling lava and is known for its ability to draw out negative energy and stress from the body.

Using the black obsidian stone roller can help relieve tension, reduce puffiness, and promote circulation, while also activating the acupressure points along the 12 main meridians of your face. Regular treatments with the roller can help make your skin smoother and firmer, reduce the appearance of fine lines and wrinkles, and promote lymphatic drainage.

The roller features two different heads, one for the face and one for the eyes, to provide targeted relief where you need it most. The face roller can help massage tense muscles, stimulate collagen production, and promote blood flow to leave your skin looking radiant and youthful. The eye roller is designed to reduce dark circles and puffiness around the eyes, while also promoting lymphatic drainage to reduce the appearance of fine lines and wrinkles.

Using the Likami Black Obsidian Stone Roller is a great way to incorporate traditional Chinese medicine practices into your daily skincare routine. Whether you use it in the morning, at night, or throughout the day, this powerful tool can help you achieve a healthy, glowing complexion.

BEAUTY BENEFITS

- De-puff
- Lift, sculpt, tighten
- Reduce pores and inflammation
- Boost dermal blood circulation
- Brighten the complexion
- Ease tension headaches
- Lymphatic drainage

APPLICATION

The Likami Black Obsidian Stone Roller is a powerful tool that can help improve your overall skin health and appearance. To use, begin by cleansing your face and patting it dry. Then apply the facial essential oil serum to improve absorption and lubricate the roller for a smoother experience. Each roller comes with our 15ML facial essential oil serum.

Starting from the center of your face, use the roller in an outward motion to flush lymph and detoxify. The roller's two heads, one for the face and one for the eyes, provide targeted relief to help reduce puffiness, promote circulation, and stimulate collagen production.

It's important to handle the roller with care as each tool is unique and may have slight variations due to the organic nature of the stone. To clean the roller, simply wipe it down with a damp cloth.

Incorporating the Likami Black Obsidian Stone Roller into your daily skincare routine is a great way to promote overall skin health and well-being. With regular use, you can enjoy a smoother, firmer complexion with reduced fine lines and wrinkles.
