### PRODUCT

Super hydrating daily serum for a youthful and rejuvenating complexion. This serum replenishes the skin's own water reserves while locking in hydration from the surface, leaving the skin intensely hydrated, firmer and visibly plump. Hyaluronic acid helps to promote healthy skin by hydrating and rejuvenating your complexion. Biosaccharide gum assists in intensely moisturizing and reducing the appearance of fine lines.

### BEAUTY BENEFITS

This serum replenishes the skin's own water reserves while locking in hydration from the surface, leaving the skin intensely hydrated, firmer and visibly plump. It reduces signs of ageing and targets dry skin, fine lines and wrinkles.

### APPLICATION

Apply 2-4 drops onto cleansed face and massage gently. Wait for the serum to fully absorb and follow with moisturizers and oil treatments to lock all the good stuff in and improve the effects of the serum. Keep away from direct solar exposure and use sun protection for better results.

### BOTANICAL ACTIVES

#### **Aloe vera (Aloe barbadensis):**

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

#### **Hyaluronic acid:**

One of the main properties of hyaluronic acid, is its great ability to attract and retain water. Topical application allows rehydrate in depth the epidermis of the treated area; therefore, its appearance is smoother and, also, by increasing its thickness and volume, reduce skin furrows.

#### **Saccharides (Biosaccharide Gum-1):**

Water-binding agent and emollient, particularly helpful for dry skin. Research indicates it has an affinity for soothing and strengthening skin's barrier, while delivering long-lasting hydration.

#### **Vitamin E (Tocopherol):**

Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.
