PRODUCT

A multi-target serum that keeps the skin clean without impurities, avoids the discomfort of redness and ensures an even skin texture. Azelaic acid works by purifying the pore in depth, which leads to reducing the appearance of skin imperfections and refining the surface layers of skin. With its brightening properties, Centella asiatica helps minimize the visibility of dark spots and signs of aging, leaving the complexion looking clearer and smoother.

BEAUTY BENEFITS

This is a gentle exfoliating serum specially developed to unclog pores and refine the skin's surface. It has a beneficial effect on troubled skin. It reduces the appearance of impurities, redness and signs of ageing. It helps to brighten the complexion and improve the appearance of skin blemishes, while visibly evening out the skin texture. The product targets dull skin, uneven complexion, bumps and blemishes.

APPLICATION

Apply 2-4 drops in the evening onto cleansed face and massage gently. Wait for the serum to fully absorb and follow with moisturizers and oil treatments to lock all the good stuff in and improve the effects of the serum. Keep away from direct solar exposure and use sun protection for better results.

BOTANICAL ACTIVES

Aloe vera (Aloe barbadensis):

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

Azelaic acid:

Azelaic acid is a type of acid known as a dicarboxylic acid derived from grains like barley, wheat, and rye and offers gentle exfoliating properties to help unclog pores and refine skin texture. Azelaic acid is famous for its ability to lessen reddened skin and bumps. It helps diminishing blemishes and fading the appearance of post-acne marks and other discolorations. Azelaic acid is also a great antioxidant.

Gotu Kola (Centalla Asiatica extract):

Centella Asiatica, also known as Gotu Kola or tiger grass, has excellent properties for skin. It supports healing thanks to its content in triterpene derivatives that stimulate the formation of fibroblasts. This is why it is used to treat wound and to reduce the appearance of recent scars. It is also an excellent antioxidant, making it able to prevent the signs of premature aging, firm skin and improve its overall appearance. It also provides skin with a beneficial dose of collagen. Especially beneficial for dry and sensitive skin due to its strong moisturizing action.

Vitamin E (Tocopherol):

Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.

Glycerin: Glycerin is a skin-replenishing and skin-restoring ingredient, meaning it is a substance found naturally in skin, helping to establish normal balance and hydration. It's one of the many substances in skin that helps maintain a healthy look and feel, defending against dryness and working to maintain skin's moisture level. Essentially, glycerin is a master at hydration, and works best when combined with other replenishing and emollient ingredients.
