

ANTIOXIDANT DEFENCE SUNSCREEN SPF20

UVA UVB BLUE LIGHT

witch hazel – ginkgo biloba – bisabolol

100 ml | 3,4 fl.oz

GROUP
BATH & BODY BB | 43100

PRODUCT

Protect your skin with this lightweight mineral-powered sunscreen moisturizer that provides hydrating, chemical free sun protection. Ideal for even the most sensitive skin, this luxuriously hydrating sunscreen cream nourishes skin while preventing sun damage. The cream contains witch hazel, ginkgo biloba, red pomegranate, goji extract and bisabolol, well known for their antioxidant properties, as well as camellia and grape seed oil for its natural protection against UVA and UVB rays. Mineral, chemical free sun filters, ocean & reef friendly, no nanoparticles.

BEAUTY BENEFITS

A texture with a lightweight sensory feel that is non-greasy and easy-to-apply. It absorbs quickly and leaves the skin soft. The formula, enriched with selected oils, generously nourishes the skin, making it particularly elastic and hydrated.

APPLICATION

Apply an even thin layer before sun exposure. Massage in until completely absorbed.
Re-apply frequently and generously to maintain protection, especially after perspiring or towelling.
Pro Tip: Hands are very exposed to pollutants and sun, and age easily, so don't forget to protect them too!

BOTANICAL ACTIVES

Witch hazel (Hamamelis Virginiana): The extract is obtained from the Hamamelis virginiana plant, a bush of yellow flowers. Acts as a skin conditioner, improves the appearance of dry and damaged skin and helps reduce peeling. It also restores the skin's elasticity, promotes blood flow and relieves the heaviness of inflamed varicose veins.

Ginkgo Biloba (Ginkgo Biloba leaf extract): Known very it's decongestive and anti-ageing properties. It is rich in terpenic lactones and flavonoids, molecules capable of counteracting the damaging effect of free radicals, protecting the skin from external aggressions and molecular stress. Restores the skin's natural radiance.

Goji Fruit extract (Lycium Barbarum fruit extract): Used for its great antioxidant qualities, and the ability to increase dermal hydroxyproline levels, which increases skin collagen. They improve skin cell metabolism due to their potent anti-ageing power, accelerating the growth of new cells that make the skin smoother, more elastic (anti-ageing action), restoring all the youthfulness to the skin in a natural and non-aggressive way.

Hyaluronic acid: One of the main properties of hyaluronic acid, is its great ability to attract and retain water. Topical application allows rehydrate in depth the epidermis of the treated area; therefore, its appearance is smoother and, also, by increasing its thickness and volume, reduce skin furrows.

Pomegranate extract (Punica Granatum fruit extract): What makes pomegranate so special is the combination of two antioxidant components of the fruit, punicalagin and Omega 5. The former is found in the skin of the pomegranate, and the second is found only in the pomegranate's inner seed. Punicalagin promotes regeneration of the dermis and Omega 5 regenerates the epidermis. It also has a high level of polyphenols and anthocyanins, which help fight free radicals and skin ageing. It is indicated for dry, devitalized skin, for the treatment of wrinkles and for sensitive skin conditions.

Licorice root extract (Glycyrrhiza Glabra Root Extract): The extract has been shown to decrease melanin content when applied to the skin and so reduce skin pigmentation. Licorice root extract acts as an anti-inflammatory to reduce itchy and inflamed skin. Offers anti-bacterial benefits for the skin.

Mallow flower extract (Malva sylvestris flower extract): This amazing plant has antimicrobial, hepatoprotective, anti-inflammatory, and antioxidant properties and is considered as one of the most promising herbal medicinal species. Mallow extract also contains high doses of flavonoids, as well as vitamins C and E. Used also because of its highly emollient action.

Calendula (Calendula officinalis flower extract): Calendula is a powerful agent used to treat scars and stretchmarks. It stimulates the body's natural healing action, regenerates damages kin and allow the body to produce more collagen (vital to skin recovery). It also works as a nourishing moisturizer and has anti-inflammatory, soothing and protective properties.

Vitamin E (Tocopherol): Vitamin E has many properties, but it stand out as being known as the vitamin of youth and beauty. It is an antioxidant that protect cells from all external aggression such as pollution, pesticides and stress, the main cause of premature aging. Vitamin E also contributes significantly to the production of energy.

Jojoba oil (Simmondsia Chinensis): Apart from its excellent emollient action that provides deep hydration and softness, it has a special feature that makes it essential for deep hydration of the corneum stratum because it creates a protective lipid layer non-fat, which provides a similar effectiveness to the mineral oil.

Grape seed oil (Vitis vinifera): Used to combat the signs of skin aging by sequestering action of free radicals and the antioxidant action that provides an abundance of polyphenols. The large amount of essential fatty acids gives the skin flexibility and a more youthful appearance.

Camellia oil (Camellia oleifera):

Tea seed oil moisturizes the skin and prevents the signs of aging.

Glycerin: Glycerin is a skin-replenishing and skin-restoring ingredient, meaning it is a substance found naturally in skin, helping to establish normal balance and hydration. It's one of the many substances in skin that helps maintain a healthy look and feel, defending against dryness and working to maintain skin's moisture level. Essentially, glycerin is a master at hydration, and works best when combined with other replenishing and emollient ingredients.

Bisabolol: Bisabolol is the major active component of Chamomile. It has long been used in cosmetics for its anti-inflammatory, healing & soothing, and anti-microbial properties.

INGREDIENTS

Hamamelis virginiana Water**, Caprylic/capric Triglyceride, Titanium Dioxide,*** Propanediol, Cetearyl Alcohol, Oryza sativa Starch, Camellia oleifera Seed Oil**, Simmondsia chinensis Seed Oil**, Vitis Vinifera Seed Oil**, Bisabolol, Sodium Hyaluronate, Lycium barbarum Fruit Extract**, Malva sylvestris Flower Extract, Ginkgo biloba Leaf Extract**, Glycyrrhiza glabra Root Extract**, Calendula officinalis Flower Extract**, Punica Granatum Fruit Extract, Aluminum Hydroxide, Stearic Acid, Cetearyl Oliviate, Cetearyl Glucoside, Glyceryl Caprylate, Sorbitan Oliviate, Cetyl Palmitate, Xanthan Gum, Sorbitan Palmitate, Aqua, Glycerin, Glyceryl Undecylenate, Glycine Soja Oil, Tocopherol, Sorbitan Oleate, Dehydroacetic Acid, Phytic Acid, Benzyl Alcohol, Potassium Sorbate, Sodium Benzoate.
