

CALMING AFTERSUN MIST

aloe vera – dragon's blood oil – pineapple

200 ml | 6,8 fl.oz

GROUP
BATH 1 BODY BB | 81200

PRODUCT

This Calming Mist immediately has a cooling and moisturizing effect and nourishes irritated or sun-exposed skin in the best possible way. This spray includes aloe vera, dragon's blood oil and pineapple extract to help hydrate and calm the skin. A blend of powerful antioxidants protect the skin from the destructive effects of free radicals, prevent loss of firmness and increase skin smoothness.

BEAUTY BENEFITS

After the sun exposure, it's time to pamper your skin. Cooling, soothing and hydrating, this organic mist can be applied daily for essential antioxidant benefits. Helps calm and relieve sunburn, windburn, chafing, itchiness, peeling and dehydrated skin. This calming spray can also be used as a refreshing and lightly cooling mist on the beach between dips in the sea and application of mineral sun cream.

APPLICATION

Mist lightly over your face and body. Apply liberally and evenly as often as required. Reapply after periods of sun exposure for instant cooling relief. Keeping the mist refrigerated ensures the mist has an extra-refreshing effect on the skin. Suitable for all skin, especially hot and sun kissed skin

BOTANICAL ACTIVES

Aloe vera (Aloe barbadensis):

Aloe Vera is one of the most complete cosmetics actives. With the action of natural nutrients, minerals, vitamins, amino acids and enzymes it stimulates cell regeneration to repair damaged tissues. It is an excellent enhancer in protective preparations. It has revitalizing properties, moisturizing, soothing and refreshing actions.

Pineapple extract (Ananas Sativus fruit extract): Pineapple has a high content of vitamin C, which acts as an antioxidant in the skin. It also contains bromelain, which helps to purify the skin, keeping the skin pores clean and eliminating dead skin cells. Finally, it contains hydroxy acids (AHAs) and vitamin A that moisturize and nourish the skin.

Dragon tree extract (Dracaena Draco extract): The dragon tree is a plant whose fruit contains a resin called 'dragon's blood' because of its intense red color. Thanks to its composition, this extract has aromatic, stimulating, astringent and refreshing properties.

Grape seed oil (Vitis vinifera): Used to combat the signs of skin aging by sequestering action of free radicals and the antioxidant action that provides an abundance of polyphenols. The large amount of essential fatty acids gives the skin flexibility and a more youthful appearance .

Sweet orange oil (Citrus sinensis peel oil): Rich in vitamin C and flavonoids. It helps produce collagen, clears dark spots and prevents acne breakouts. It has antioxidant properties that provide protection against free radicals which contribute to premature ageing. It also gives the skin a natural shine.

Citric acid: Citric acid is a weak organic acid found in fruits such as lemons and oranges. Functions as a powerful antioxidant and helps to regulate and maintain skin's hydration and elasticity.

Glycerin: Glycerin is a skin-replenishing and skin-restoring ingredient, meaning it is a substance found naturally in skin, helping to establish normal balance and hydration. It's one of the many substances in skin that helps maintain a healthy look and feel, defending against dryness and working to maintain skin's moisture level. Essentially, glycerin is a master at hydration, and works best when combined with other replenishing and emollient ingredients.

Calendula (Calendula officinalis flower extract): Calendula is a powerful agent used to treat scars and stretchmarks. It stimulates the body's natural healing action, regenerates damaged skin and allow the body to produce more collagen (vital to skin recovery). It also works as a nourishing moisturizer and has anti-inflammatory, soothing and protective properties.

Chamomile extract (Chamomilla recutita): Chamomile has decongestant and softening properties, stabilizes the skin and also has a soothing action.

INGREDIENTS
